UNCOVERING YOUR SEPTIC TANK FOR INSPECTION
WHEN A SEPTIC RECORD IS NOT FOUND

1. Uncover the entire top of tank;
2. Uncover 2 feet down the OUTLET side of the tank exposing the material of the tank;
3. Carefully uncover the pipe going towards the drainfield (about a 2' section is sufficient);
4. Apply for an “Existing System” Evaluation
   a. $100 application fee and
   b. A plat of the property.
